

Join us!

The nursing home landscape is changing due to recent revisions to the CMS conditions for participation. Learn more about setting up a robust Infection Prevention program that includes antibiotic stewardship. Get more information on infection prevention assessment and response, preventing transmission of multidrug resistant organisms and *C. difficile*, and maximizing your time and resources when implementing antibiotic stewardship in your nursing home. Learn from local experts who have taken an active role in implementing stewardship in their own nursing homes.

Featured Speakers:

Ghinwa Dumyati, MD

*Director, Rochester Nursing Home Collaborative,
Professor of Medicine, URM*

**Abimbola (Bola) Ogundimu,
DrPH, RN, CIC, CPHQ**
